It is not often, now-a-days, that are well and nothing happens," we think we shall go over to Independence when that "Union meeting" comes off: We have a curiosity to see and hear what is tection of his property as the citizen of Himself pen is not adequate to the task, ment by such a fantastic affair. The nois, but both are dependent upon the legibut our readers will pardon us in we call meeting is called by our ancient Scotchistation of the territorial government for have a curiosity to see and hear what is secret TERING done on short notice and of a least of the Messenger—he who laws to protect their property, of whatever seemable prices.

Onder, 22 6m talks so much about the corruption of the kind it may be.

WM. A. Richardson, of Ill. modern democracy and so little about the corruption of other existing parties; and the orator of the day is to be our phosphories, who are to be affected by the institutoreature enoying his oftum cum-dignates cent friend (late from Blue Grass) Hon. 113 of slavery, to determine the question total heedless of care, calmly reposes by the orator of the day is to be our phospho-A. K. Marshall. We want to learn from these catriotic gentlemen what indications of disunion they have discovered among their neighbors, and what sort of treason of "equater sore energy in its fullest. The scene is one of peace, contentment they should in their respective neighbors broadest, deepest sense—and support this and happiness. The next line is full of they smell in their respective neighbor-hoods. What developments are to be made, and on whom are their censures to mier, compaile fall? .

Union meetings may be well enough among the fanatics of the North and the Hotspurs of the extreme South, but we we no necessity for them among the conservative, cool headed and true hearted sons of the West The devotion of our people to the Union

and the Constitution is well enough known without any gassy speeches or fourth-of July resolutions, and such a meeting as the one called must have some other object in view than the one of saving the Union. What that object is, we do not know, and if we were to guess at it we might do injustice to gentlemen whose motives we have no desire to impugn .--But we think we shall attend the meeting and watch "which way the cat jumps."

Hereafter we expect to publish TWON AND STEEL.
